# PSAT-Related Assessments

## PSAT/NMSQT AND PSAT 10

The PSAT/NMSQT and PSAT 10 are the same test, offered at different times of year. They are components of the SAT Suite of Assessments and tightly aligned with the SAT. In addition, these tests serve as check-ins on student progress and pinpoint areas for development. For 11th graders, the PSAT/NMSQT is the qualifying test for the National Merit® Scholarship Program, an academic competition for recognition and scholarships.

The PSAT/NMSQT is offered to 10th and 11th graders in the fall. Instead of testing in the fall, some schools may deliver the PSAT 10 in the spring. Both tests support student progress by focusing on the skills and knowledge that matter most for college and career success.

## PSAT 8/9

The PSAT 8/9 is the first test in the SAT Suite of Assessments. Using the same specifications as the SAT, the PSAT/NMSQT, and the PSAT 10, it establishes a baseline for college and career readiness as students enter high school. The PSAT 8/9 is designed for eighth and ninth graders.

## PRACTICE FOR PSAT/NMSQT AND PSAT 10

To get ready for the PSAT/NMSQT or PSAT 10, students can visit [collegeboard.org/psatpractice](https://collegeboard.org/psatpractice) for full practice tests and sample questions. There's also a full practice test included with the *PSAT/NMSQT Student Guide*.

Because the PSAT/NMSQT and PSAT 10 follow the same assessment design principles as the SAT, students can also use Khan Academy free personalized SAT practice resources at [satpractice.org](https://satpractice.org) to get ready for the tests.
